THE JOHNS HOPKINS UNIVERSITY

G. W. C. WHITING SCHOOL OF ENGINEERING

Master's Recognition Ceremony May 27, 2021

Johns Hopkins University Whiting School of Engineering
Master's Recognition Ceremony
May 27, 2021

Opening Sequence

"Star-Spangled Banner" by Francis Scott Key
Christine Kavanagh
Associate Dean of Graduate and Postdoctoral Academic Affairs

Welcome

T. E. Schlesinger
Benjamin T. Rome Dean, Whiting School of Engineering

Keynote Speaker

G. Reid Wiseman, WSE MS '06
(Captain, U.S. Navy) NASA Astronaut

Address to the Graduates

Jerry Krill
Assistant Director, Science and Technology
Johns Hopkins University Applied Physics Laboratory

Recognition of Graduates

Dan Horn
Associate Dean, Engineering for Professionals

Remarks

Anika Penn, SAIS '10, President
Johns Hopkins Alumni Association

Closing

T. E. Schlesinger

Graduates are asked to remain at their seats until they are dismissed from their row.

A final graduation certification may not have taken place before this program was printed. The list of candidates is tentative. The university reserves the right to withdraw or add names.

Keynote Speaker
G. Reid Wiseman
(Captain, U.S. Navy) NASA Astronaut

A native of Baltimore, G. Reid Wiseman earned a Bachelor of Science degree from Rensselaer Polytechnic Institute in Troy, New York, and a Master of Science in Systems Engineering from the Johns Hopkins University in Baltimore. Currently, Wiseman is the chief of the Astronaut Office. From May through November 2014, he served as flight engineer aboard the International Space Station for Expedition 141. During the 165-day mission, Wiseman and his crewmates completed more than 300 scientific experiments in areas such as human physiology, medicine, physical science, Earth science and astrophysics. They set a milestone for station science by completing a record 82 hours of research in a single week. This first spaceflight of Wiseman's also included almost 13 hours as lead spacewalker during two trips outside the orbital complex. He also fostered a strong social media presence throughout his mission by sharing the raw emotions of spaceflight as seen through the eyes of a rookie flier.
